

# EPSON® ColorWorks C7500 Color Label Printer

- › Rugged design with low cost of ownership
- › High Print Speed up to 300mm/sec
- › Amazing quality: PrecisionCore™ inkjet technology
- › High print resolution 1200 x 600 dpi
- › Seamless integration (built-in ESC/Label language)

The EPSON ColorWorks C7500 is a fast, full-colour heavy production label printer for desktop, on-demand, full-colour printing of large print jobs and jobs with tight timeframes. The C7500 features Epson's new PrecisionCore MicroTFP printhead, developed for use in commercial-grade, industrial labelling market to deliver reliable high-quality results at high speed.

# EPSON® ColorWorks C7500 Color Label Printer

## PRINTER SPECIFICATIONS

Printing method	PrecisionCore MicroTFP line printer
Nozzle configuration	600 nozzles per colour
Colours	C, M, Y, K
Ink technology	DURABrite™ Ultra
Ink type	Pigmented ink, 4 individual CMYK cartridges
Printing speed	max 300mm/sec at 600x1200dpi (printing width 108mm)
Resolution	Max. 600 × 1200dpi
Printing width	Max. 108mm
Media format	Roll (8" external diameter), fanfold media
Media width	Min 50mm, max 112mm
Media type	Roll-fed or fan fold, die cut; single layer or adhesive labels on liner; plain paper, fine paper, PET film, synthetic
Interfaces	Ethernet interface (100 Base-TX / 10 Base-T), USB 2.0 Type A
Autocutter	Included
Power supply	Internal
Supply voltage	100 – 240V, 50 – 60Hz
Power consumption	Standby: Appx. 41W, Printing: Approx. 86W
Temperature / humidity	Printing: 5 to 35 °C (20 – 80% RH) Storage: -20 to 60 °C (5 – 85% RH)
Product dimensions	392 x 598 x 395mm (width x depth x height)
Product weight	37kg
Supported printer languages	ESC/Label and ZPL II
Operating system	Windows 8 (32-bit, 64-bit), Windows 7 SP1 (32-bit, 64-bit), Windows Vista ® SP2 (32-bit, 64-bit), Windows XP SP3 (32-bit), Windows Server®2012 R2, Windows Server 2012, Windows Server 2008 R2, Windows Server 2008 (32-bit, 64-bit), Windows Server 2003 R2 (32-bit)
Warranty	One year depot repair

### Reliable and consistent results

The C7500 can help manufacturers produce consistent, high-quality labels in-house and on-demand. The printer features the new PrecisionCore printhead to ensure reliable, high-quality results. Our unique Nozzle Verification Technology (NVT) and dot substitution help prevent misprints and dead pixels for consistent printouts.

### Fast speeds

Produce a range of high-quality labels, fast including those for food and beverage products, packaging and boxes, as well as EU Energy Labels and GHS Labels. With print speeds of up to 300mm/sec, you can now print labels in full colour, at the same speed as some incumbent thermal monochrome printers.

### Cost-effective

Printing labels on-demand helps eliminate costs associated with pre-printing, such as label waste and large label inventory. High-capacity, individual ink cartridges mean only the colour used will need to be replaced, offering very low cost per print. The permanent printhead offers significant cost savings, and a guaranteed peace of mind as none of its major components will need replacing for at least 500km worth of printing.
